PURPOSE. The mission of the *Focus on Programming* Scholarship Program is to provide financial assistance to graduating seniors who have exhibited academic excellence in computer science and programming.

SCHOLARSHIP AWARDS. Focus School Software awards scholarships on the basis of a comprehensive process. An award amount of \$1,000 will be given to the winning graduating senior to be used towards upcoming college funds.

Areas reviewed by the committee include, but are not limited to the following: academic achievements and awards, extracurricular activities, and Technological Impact on the Future through programming.

Students should submit all:

- Programming related certifications they have acquired
- And/or a sample of programming or an application they have developed
- Have a minimum GPA of a 3.0.

Focus School Software pays scholarship funds directly to the student on a one-time basis. Scholarships awarded are based upon the availability of funds and additional qualifying criteria.

Please mail three (3) copies of your application in a single envelope to:
